

Institutional Protocol Approval Committee (IPAC) Presentation Report

Ref: MIT/R&C/Ph.D.-IPAC/2026

Date: March 19, 2026

Name of Candidate	Mr. Abhishek Hupele
School Registered for Ph.D.	School of Computer Engineering
Supervisor	Dr. Sanjay Singh
Co-Supervisor	Dr. P C Siddalingaswamy Dr. Naveen N Kulkarni
Title of Research	Game-Theory-Based Balance: Formalizing the Machine Unlearning Problems as a Game Between Model Provider and Data Provider
Date of IPAC meeting	17-03-2026
Date of Registration	21-01-2025
Registration Number	240900465 (Part-time working professional)

Recommendations:

1. Rewrite introduction, literature review, research gap, objectives, methodology, expected outcome.
2. Add recent papers in literature section.
3. Write school name front page.
4. References must be cited in chronological order.
5. Add figures number, caption and cite in figures.
6. Add related SDGs logo.
7. Recheck formatting.
8. Revise research time plan.
9. Need more explanation in pilot study.
10. Modify coursework details by addition course code and status of coursework.
11. References must be in proper format in reference section.
12. Revise report must be approved and checked by Domain experts and DAC members.
13. The candidate is advised to revise the research protocol as per the above recommendations and submit **one hard and soft copy [highlighting the changes]** of the same in prescribed format certified by supervisor to the office of Associate Director, Research and Consultancy **at the earliest.**

Note: Submit the following with revised protocol report (hard and soft copy). The soft copy to be emailed to research.mit@manipal.edu

- Plagiarism report signed by the candidate and supervisor in accordance with the current MAHE policy (i.e., less than 15% overall similarity and no more than three consecutive word matches), accompanied by the Turnitin AI-generated report.
- DAC committee members list (word document – without signatures) on email (Annexure 22).

Handwritten signature
